HANNAH GRACE HOMES HALTS SC EXPANSION | AUGUST 2019

[UPDATES CONCERNING PROGRAM LAUNCH]

[SUNSET, SC, AUGUST 2019] — The nonprofit Board of Directors for Hannah Grace Homes, Inc. has decided not to proceed forward with the South Carolina campus in Sunset. Due to the cost of opening being greater than expected and local concern for the partnership with Freedom Village USA, the Board of Directors determined that it was not in the best interest of the program and the community to open the new facility.

Pastor Fletcher Brothers of Freedom Village USA is retiring at the end of the month focusing his energies and efforts on his radio program *Victory Today*. He will continue to be an advocate for child-care facilities throughout the country through his radio program. All funds raised for the South Carolina campus will be donated to a state-licensed facility serving the needs of at-risk youth. These monies will ensure youth without a place to call home will be cared for in a facility that ensures their safety and welfare.

The National Center for Life and Liberty and Hannah Grace Homes will continue the mission of ensuring at-risk youth have a place where they can feel safe and develop into productive young adults with all of the necessary life skills to succeed.

If you have any additional questions, you may contact Jonathan Bailie, Chief Operations and Financial Officer, at 888-233-6255 or at info@ncll.org.
